

INDEPENDENT AUDITORS' REPORT

To the Members of Chitrangi Power Private Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying financial statements of **Chitrangi Power Private Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and total comprehensive loss (comprising of loss and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the following to be a Key Audit Matter:

Shridhar & Associates
Chartered Accountants

Key audit matters	How our audit addressed the key audit matter
Freehold and Leasehold Land (Described in Note 3.1 of the financial statements)	
<p>The Company is in possession of entire Government and private land required for the project and has completed work of area grading, boundary wall construction.</p> <p>This is shown as Freehold land Rs 245580,000 and leased hold land Rs 508876000 in the books of accounts.</p> <p>Leasehold land has been capitalised on the basis of advance possession received from the Government of Madhya Pradesh on payment of all dues against the land, execution of lease deed pending in favour of the company</p> <p>Based on the nature of transaction and the amount involved, it is determined to be a Key Audit Matter.</p>	<p>Our procedures included the following:</p> <ul style="list-style-type: none"> • Discussion with management • Verification of documents. • Presentation as per Ind AS. • The company is providing for the lease apportionment every year based on the lease period.

Emphasis of Matter Paragraph – Material Uncertainty Related to Going Concern

5. We draw attention to Note 14 in the Financial Statements, which indicates that the Company has accumulated loss which has resulted into erosion of Company's net worth. Also the Company's current liabilities exceeded its total assets, these events and conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. However management of the Company is confident that the Company's future plans and prospects will help the Company to turn around in future and promoter of the Company has assured to infuse the funds as and when required, hence the Company has prepared its Financial Statements on going concern basis.
- Our opinion is not modified in respect of this matter.

Other Information (or another title if appropriate, such as "Information Other than the Financial Statements and Auditors' Report Thereon")

6. The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard

Management's Responsibility for the Financial Statements

7. The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Shridhar & Associates
Chartered Accountants

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
12. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

13. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- (A) As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

Shridhar & Associates
Chartered Accountants

- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'.
- (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations as at 31st March 2021 on its financial position in its financial statements.
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2021.

Annexure "A" to Independent Auditors' Report

Referred to in paragraph 13 of the Independent Auditors' Report of even date to the members of Chitrangi Power Private Limited on the Ind AS financial statements as of and for the year ended March 31, 2021

- (i) (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
- (c) According to the information and explanation given to us the freehold land is in the name of the company.
- However, the leasehold land that has been taken on lease from the Government of Madhya Pradesh and disclosed under the head Property Plant and Equipment is not in the name of the company.
- (ii) The Company does not have any inventory. Therefore the provision of clause 3 (ii) of the order is not applicable.
- (iii) In our opinion and according to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to any company, firm, limited liability partnerships or other party covered in the register maintained under Section 189 of the Act.
- (iv) Based on the information and explanations given to us in respect of loans, investments, guarantees and securities, the Company has complied with the provisions of Section 185 and 186 of the Act, to the extent applicable.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning the directives issued by the Reserve Bank of India, provisions of Section 73 to 76 of the Act, any other relevant provisions of the Act and the relevant rules framed thereunder.
- (vi) According to the information and explanations given to us, provisions relating to maintenance of cost records as prescribed under sub section (1) of section 148 of the act, are not applicable to the company.
- (vii) (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of tax deducted at source, goods and service tax, and is regular in depositing undisputed statutory dues, including provident fund, income tax, and other material statutory dues, as applicable, with the appropriate authorities.
- (b) According to the information and explanations given to us, there are no undisputed dues in respect of provident fund, employees' state insurance, income tax, duty of customs, goods and services tax and cess as at March 31, 2021 which were outstanding for a period of more than six months from the date they became payable.
- (c) According to the information and explanations given to us and the records of the Company examined by us, there are not any dues of income tax, as at March 31, 2021 and which have been deposited on account of a dispute.

Shridhar & Associates
Chartered Accountants

- (viii) According to the information and explanations given to us and based on examination of the records of the Company, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or dues to debenture holders except for the following instances of defaults in repayment of principal and interest amount. The Company did not have any loans or borrowings from government during the year.
- (ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and in our opinion and according to the information and explanations given to us, the term loans have been applied for the purposes for which they were raised.
- (x) According to the information and explanations given to us, in respect of whom we are unable to comment on any potential implications for the reasons described therein, no fraud by the Company or fraud on the Company by its officers and employees has been noticed or reported during the course of our audit.
- (xi) The Company has not paid managerial remuneration during the current year and therefore, the provisions clause (ix) of the order is not applicable to the Company.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and accordingly the provisions of clause 3(xii) of the Order are not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company transactions entered into by the Company with the related parties are in compliance with Sections 177 and 188 of the Act, where applicable and the details of related party transactions as required by the applicable accounting standards have been disclosed in the financial statements.
- (xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures and hence the provisions of clause 3(xiv) of the Order are not applicable to the Company.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company in respect of which we are unable to comment on any potential implications for the reasons described therein, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, the provisions of clause 3(xv) of the Order are not applicable to the Company.
- (xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of clause 3(xvi) of the Order are not applicable to the Company.

Annexure 'B' to Independent Auditors' Report

Referred to in paragraph of the Independent Auditors' Report of even date to the members of **Chitrangi Power Private Limited** on the standalone financial statements for the year ended March 31, 2021

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

1. We have audited the internal financial controls with reference to financial statements of **Chitrangi Power Private Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Controls over Financial Reporting ("Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Shridhar & Associates
Chartered Accountants

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial controls with Reference to Financial Statements

6. A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes to the financial statements for the year ended March 31, 2021

1) General information

Chitrangi Power Private Limited, a wholly owned subsidiary of Reliance Power Limited, has been set up to develop a 3,960 MW (6X660 MW) super critical coal fired thermal power project at Chitrangi Tehsil, District Singrauli in the State of Madhya Pradesh, based on the Memorandum of Understanding entered into between Reliance Power Limited (Holding Company) and the Government of Madhya Pradesh. The registered office of the Company is located at Ground Floor, Reliance Centre, 19, Walchand Hirachand Marg, Ballard Estate, Mumbai 400 001.

These financial statements were authorised for issue by the board of directors on April 30, 2021.

2) Significant accounting policies, critical accounting estimate and judgments:

2.1 Basis of preparation, measurement and significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

Compliance with Indian Accounting Standards

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Companies Act, 2013 ("the Act"). The policies set out below have been consistently applied during the year presented.

Historical cost convention

The financial statements have been prepared under the historical cost convention, as modified by the following:

- i. Defined benefit plans – plan assets that are measured at fair value;

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- i. Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ii. Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- iii. Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Current vis-à-vis non-current classification

The assets and liabilities reported in the balance sheet are classified on a "current/non-current basis", with separate reporting of assets held for sale and liabilities. Current assets, which include cash and cash equivalents, are assets that are intended to be realized, sold or consumed during the normal operating cycle of the Company or in the 12 months following the balance sheet date; current liabilities are liabilities that are expected to be settled during the normal operating cycle of the Company or within the 12 months following the close of the financial year. The deferred tax assets and liabilities are classified as non-current assets and liabilities.

(b) Property, plant and equipment

Freehold land is carried at cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Expenditure incurred on assets which are not ready for their intended use comprising direct cost, related incidental expenses and attributable borrowing cost are disclosed under Capital Work-in-Progress.

Depreciation methods, estimated useful lives and residual value:

Depreciation is provided to the extent of depreciable amount on Straight Line Method (SLM) based on useful life of the assets as prescribed in Part C of Schedule II to the Companies Act, 2013.

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

(c) Impairment of non-financial assets

Assets which are subject to depreciation or amortization are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(d) Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instruments of another entity.

Investments and other financial assets

i. Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

ii. Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVPL): Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss in the period in which it arises. Interest income from these financial assets is included in other income.

Changes in the fair value of financial assets at FVPL are recognised in the statement of profit and loss.

iii. **Impairment of financial assets**

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

iv. **Derecognition of financial assets**

A financial asset is derecognised only when:

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

v. **Income recognition:**

Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

(e) Offsetting Financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(f) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(g) Financial liabilities

i. Classification as debt or equity

Debt and equity instruments issued by the company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

ii. Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include borrowings, dues to holding company and creditors for capital expenditure.

iii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Borrowings: Borrowings are subsequently carried at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised in the statement of profit and loss over the period of the borrowings using the effective interest method.

Trade and other payable: These amounts represents obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. These payable are classified as current liabilities if payment is due within one year or less otherwise they are presented as non-current liabilities. Trade and payables are subsequently measured at amortised cost using the effective interest method.

iv. Derecognition

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/ (losses). When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(h) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

(i) Provisions, Contingent Liabilities and Contingent Assets:

Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made, is termed as contingent liability.

Contingent Assets:

A contingent asset is disclosed, where an inflow of economic benefits is probable.

(j) Foreign currency translation:

i. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in 'Indian Rupees' (Rs.), which is the Company's functional and presentation currency.

ii. Transactions and balances

- (i) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.
- (ii) All exchange differences arising on reporting of short term foreign currency monetary items at rates different from those at which they were initially recorded are recognised in the Statement of Profit and Loss.
- (iii) Non-monetary items denominated in foreign currency are stated at the rates prevailing on the date of the transactions / exchange rate at which transaction is actually effected.

(k) Revenue from Contracts with Customers and Other Income

Effective April 1, 2018 the Company has applied Ind AS 115 – "Revenue from Contracts with Customers", which establish a comprehensive framework for determining whether, how and when revenue is to be recognized. Ind AS -115 replace Ind AS-18 " Revenue" and Ind AS -11 " Construction Contracts". The Company recognises revenue when it transfers control over a product or service to a customer. The Company has applied Ind AS 115 using the cumulative effect method and therefore the comparative information has not been restated and continues to be reported under Ind AS 18 and Ind AS 11.

There is no impact on application of Ind AS 115 on the financial statements

(l) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Chitrangi Power Private Limited
Notes to the financial statements for the year ended March 31, 2021 (Continued)

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(m) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institution, other short term highly liquid investment with an original maturity of three months or less that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value..

(n) Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(o) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(p) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Directors of the Company that makes strategic decisions.

2.2 Critical accounting estimates and judgments

The preparation of financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(a) Income taxes

There are transactions and calculations for which the ultimate tax determination is uncertain and would be finalized on completion of assessment by tax authorities. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

(b) Provision

Estimates of the amounts of provisions recognised are based on current legal and constructive requirements, technology and price levels. Because actual outflows can differ from estimates due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are regularly reviewed and adjusted to take account of such changes.

(c) Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID 19):

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables, unbilled revenues, goodwill and intangible assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information on the expected future performance of the Company. The Company has performed sensitivity analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company financial statements may differ from that estimated as at the date of approval of these financial statements.

7.5% Compulsory Convertible Redeemable Non-Cumulative Preference Shares (CCRPS)

The Company shall have a call option on CCRPS which can be exercised by the Company in one or more tranches and in part or in full before the end of agreed tenure (20 years) of the said equity shares at any time during the tenure of such shares. At the end of tenure and to the extent the Company or the shareholder has not exercised their options, CCRPS shall be compulsorily converted into equity shares. On conversion, in either case, each CCRPS shall be converted into one fully paid equity share of Rs. 10 each at a premium of Rs. 990 share. If during the tenure of CCRPS, the Company declares equity dividend, CCRPS holders shall also be entitled to dividend on their shares at the same rate as the equity dividend and this dividend will be over and above the coupon rate of 7.5%. These preference shares shall continue to be non cumulative.

4) Project Status:

The Company was incorporated to set up a 6x660 MW (3,960 MW) super critical coal-fired thermal power project at Chitrangi Tehsil in Singrauli District of Madhya Pradesh. It has already received all the major clearances and approvals required for implementation of the project.

The Company is in possession of entire Government and private land required for the project and had commenced work of area grading, boundary wall construction and early enabling works at the project site. The Engineering, Procurements and Construction (EPC) contract was also awarded on a turnkey basis and capital advance was also paid by the Company.

The company proposed to use coal for this project from the surplus coal up to 9 MTPA from the Moher, Moher-Amlohri Extension and Chatrasal coal Blocks allocated to Sasan Power Limited, allowed by Ministry of Coal (MoC) vide its Gazette notification No.335 dated February 17, 2010 and balance from other sources.

The Company participated in case 1 bid of Uttar Pradesh Power Corporation Limited (UPPCL) for supply of power of 2456 MW from the project and accordingly Letter of Intent (LOI) was issued by UPPCL. The Company had submitted a bid bond of Rs. 738,600 thousands in the form of Bank Guarantee.

The Company also participated in case 1 bid of Madhya Pradesh Power Management Limited (MPPMCL) for supply of power of 1241 MW from the project and accordingly LOI was issued by MPPMCL. The Company had submitted a bid bond of Rs. 375,000 thousands in the form of Bank Guarantee.

Based on Hon'ble Supreme Court order dated August 25, 2014, MoC cancelled its earlier notification dated February 17, 2010 permitting use of surplus coal from Sasan UMPP for this project resulting in frustration of the bids due to non availability of coal.

Detailed representations were made to UPPCL informing that the LOI and bid submitted by the Company stands frustrated due to non availability of coal and therefore requested to cancel the LOI and return the bid bond. UPPCL rejected the request and invoked the Bank Guarantee on February 27, 2018. The Company filed a writ petition in Lucknow Bench of Hon'ble High Court of Allahabad against the invocation of the Bank Guarantee. The Hon'ble High Court dismissed the petition on April 15, 2019. Special Leave Petition (SLP) filed in Hon'ble Supreme Court against the order of the Hon'ble High Court has also been dismissed.

Company has filed reference petition under section 7 of the Madhya Pradesh Madhyastham Adhikaran Adhiniyam 1983 against MPPMCL with prayers which inter alia include the prayer to direct MPPMCL to release the Bank Guarantee amounting to Rs. 375,000 thousands submitted towards bid bond. Listing of the matter is awaited.

Based on above development the project assets and liability have been stated at their net realizable value or cost, whichever is less.

Financial liabilities		
Borrowings	9,848,750	9,848,800
Due to Holding Company	906,241	906,277
Other Payable	444	439
Total financial liabilities	10,755,435	10,755,516

Chitrangi Power Private Limited
Notes to the financial statements for the year ended March 31, 2021 (Continued)

(b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table. The Company does not have any financial assets and financial liabilities which are measured at fair value on each reporting date.

Assets and liabilities which are measured at amortised cost for which fair values are disclose as at March 31, 2021	Level 1	Level 2	Rupees in thousands	
			Level 3	Total
Financial assets				
Non-current bank balances	-	-	189	189
Total financial assets	-	-	189	189

Assets and liabilities which are measured at amortised cost for which fair values are disclose as at March 31, 2020	Level 1	Level 2	Rupees in thousands	
			Level 3	Total
Financial assets				
Non-current bank balances	-	-	189	189
Total financial assets	-	-	189	189

(c) Fair value of financial assets and liabilities measured at amortised cost

Particulars	March 31, 2021		Rupees in thousands March 31, 2020	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets				
Non-current bank balances	189	189	189	189
Total financial assets	189	189	189	189
Financial Liabilities				
Borrowings	9,848,750	9,848,750	9,848,800	9,848,800
Dues to Holding	906,241	906,241	906,277	906,277
Others	444	444	439	439
Total financial liabilities	10,755,435	10,755,435	10,755,516	10,755,516

(d) Valuation technique used to determine fair values

The carrying amount of current financial assets and liabilities are considered to be the same as their fair values, due to their short term nature.

The fair value of security deposits, non-current bank balances, borrowings and retention money payable has been considered same as carrying value since there have not been any material changes in the prevailing interest rates. Impact on account of changes in interest rates, if any has been considered immaterial.

Note

Level 1 : Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities which are included in level.

There were no transfers between any levels during the year.

Chitrangi Power Private Limited
Notes to the financial statements for the year ended March 31, 2021 (Continued)

11) Financial risk management

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, financial assets measured at amortised cost.	Aging analysis	Diversification of bank deposits, letters of credit
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

(a) Credit risk

The company is exposed to credit risk, which is the risk that counterparty will default on its contractual obligation resulting in a financial loss to the company. Credit risk arises from cash and cash equivalents and financial assets carried at amortised cost

Credit risk management

Credit risk is managed at company level depending on the policy surrounding credit risk management. For banks and financial institutions, only high rated banks/institutions are accepted. Generally, all policies surrounding credit risk have been managed at company level.

(i) Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks aggregating Rs. 117 thousand, and Rs. 231 thousand as at March 31, 2021, and March 31, 2020 respectively. The credit worthiness of such banks is evaluated by the management on an ongoing basis and is considered to be good.

(b) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due.

Management monitors rolling forecasts of the company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out in accordance with practice and limits set by the company.

Maturities of financial liabilities

The amounts disclosed in the below are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

March 31, 2021	Rupees in thousands			
	Less than 1 years	Between 1 year and 5 years	More than 5 years	Total
Financial liabilities				
Borrowings	9,848,750	-	-	9,848,750
Other payables	906,685	-	-	906,685
Total financial liabilities	10,755,435	-	-	10,755,435

March 31, 2020	Rupees in thousands			
	Less than 1 years	Between 1 year and 5 years	More than 5 years	Total
Financial liabilities				
Borrowings	9,848,800	-	-	9,848,800
Other payables	906,716	-	-	906,716
Total financial liabilities	10,755,516	-	-	10,755,516

12) Capital Management

(a) Risk Management

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Company monitors capital on basis of total equity and debt on a periodic basis. Equity comprises all components of equity includes the fair value impact. Debt comprises of long term and short term borrowing. The following table summarizes the capital of the Group:

	Rupees in thousands	
	March 31, 2021	March 31, 2020
Equity	(922,155)	(916,570)
Debt	9,848,750	9,848,800
Total	8,926,595	8,932,230

13) Segment reporting

Presently, the Company is engaged in only one segment viz 'Generation of Power' and as such there is no separate reportable segment as per Ind AS 108 'Operating Segments'. Presently, the Company's operations are predominantly confined in India and also all non-current assets are located in India. The Company does not have revenue from any type of product or service or any external customer.

14) Going concern

The Company has accumulated loss which has resulted into erosion of the Company's net worth. The management feels that this erosion is temporary in nature and the Company's future business plans and prospects will help the Company to turn around in future. The promoter of the Company has assured to infuse the funds as and when required, hence the Company has prepared its Financial Statements on going concern basis.

15) Disclosure under Micro, Small and Medium Enterprises Development Act, 2006

Disclosure of payable to vendors as defined under the "Micro, Small and Medium Enterprise Development Act, 2006" is based on the information available with the Company regarding the status of registration of such vendors under the said Act as per the intimations received from them as request made by the Company. There are no overdue principal amounts / interest payable amounts for delayed payments to such vendors at the Balance Sheet date. There are no delays in payment made to such suppliers during the year or for any earlier years and accordingly, there is no interest paid or outstanding interest in this regard in respect of payments made during the year or brought forward from previous years.

16) Previous year's figures have been regrouped/ rearranged wherever necessary.
