Reliance Power Limited

Business Responsibility and Sustainability Report

26. Overview of the entity's material responsible business conduct issues.

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Environmental Emissions & Waste Disposal	Risk	Thermal Power Generation entails environmental emissions like SOx, NOx and CO2 and need to dispose off large amounts of ash. Failure to comply with the norms could lead to negative impact and penalties.	The Company operates well within the approved parameters for emissions and continuously strives to improve upon the performance.	Negative
2	Labour Relations	Risk	Any incident at our projects or any industrial actions by the workers can lead to operational disruptions.	The Company engages with workers on a continuous basis to address any concerns and has a grievance redressal mechanism in place.	Negative
3	Regulatory issues	Risk / Opportunity	The power sector and the Company's projects are heavily regulated in terms of operations and tariff recoveries. The Company is engaged with State and Central regulators for adjudication of various disputes with power procurers which could have both positive and negative implications on the Company's operations.	Various advocacy efforts through industry associations	Positive / Negative

Governance, leadership and oversight**7. Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)**

At Reliance Power, Sustainability and Governance are of utmost importance. Our philosophy is to adopt ESG principles in all our businesses. The Company is committed to achieve excellence in environmental performance, preservation and promotion of clean environment. We strive to deliver reliable and quality services to our consumers while remaining conscious of our responsibilities towards creating, conserving and ascertaining safe and clean environment for sustainable development by adopting appropriate technologies and practices to minimize environmental impact of our activities.

The imperative is to use natural resources efficiently to leave a minimal carbon footprint and impact on biodiversity across our business value chain. The Company strives to develop and promote processes and newer technologies to generate electrical power in an environmentally responsible manner. The philosophy behind is to create a sustainable eco-sphere of low carbon economy by following the 5R guidelines of Reduce, Reuse, Recycle, Renew and Respect for the environment and its resources through the entire supply management.

Engagement of the community is paramount for sustaining a programme on ground. We ensure engagement of the community at the very planning stage and thereafter inducting them at the implementation level. This not only ensures acceptance of the programme on ground but also its continuity and sustainability.

We believe our role as Enablers can promote dynamic development by creating synergies with our partners in growth and success: the communities. We are committed to augment the overall economic and social development around the local communities where we operate by discharging our social responsibilities in a sustainable manner. The interventions have been aligned with that of the government mandate both at the local as well as the state level. We have been working in the direction of creating meaningful partnerships through series of engagements and transparency in our processes across board.

To summarize, Reliance Group strives to live up to our responsibilities as corporate citizens and continues with our endeavour to bring about an all round transformation in the vicinity of all our project sites for the common good of the community as a whole. In this Business Responsibility and Sustainability Report ("BRSR") prepared in line with the mandates by the Securities and Exchange Board of India ("SEBI") containing enhanced ESG disclosures gives an insight into the Company's contribution to the environment, community and Society.
