 - 15) SPL's notice no. SPL/2016/1971 to 1980 dated 31.05.2016 to Defaulting Procurers**

Dear Sir,

1. This has reference to your letters dated 30.05.2016 under reference no. 13 & 14 above.
2. As stated in our letters dated 24.05.2016 and 26.05.2016, the default trigger date had already passed and 25% of the Contracted Capacity of the Defaulting Procurers has become liable to

be offered to third parties in accordance with the provisions of the contract (i.e. PPA) between the parties and the law.

3. It may be noted that the CERC (Regulations of Power Supply) Regulations 2010 ("Power Supply Regulations") are only supplementary and procedural and are aimed at facilitating the regulation of power in terms of the PPA. The Power Supply Regulations do not override / modify the existing PPAs
4. This is evident from Clauses 3.5 and 13.5 of the Statement of Reasons which are reproduced below:-

"3.5 We are of the view that the intention of these regulations is not to modify the existing PPAs to provide new measures for regulating the power supply to the Defaulting Entities. These regulations only provide for the procedure for facilitating the regulation the power supply under the conditions mutually agreed by the utilities in their contracts. Inclusion of the generating companies who do not have provisions of regulation of power supply in their contracts would amount to interference in the contracts. Therefore, this suggestion has not been accepted."

"13.5 We would like to again clarify that these regulations do not stipulate any extra measures that have not already been agreed to by the generator/transmission licensee and the beneficiary/user in the agreements. As provided in the scope of these regulations, these regulations seek to facilitate the implementation of the provisions of the agreement for regulation of power supply."

5. Despite the aforesaid legal position, SPL, without prejudice to its rights, issued notices and letters as suggested by WRLDC in order to implement the regulation plan with effect from 31.05.2016.
6. However, in terms of the letter dated 30.05.2016, WRLDC has sought further clarifications and directed that a fresh notice be issued on or after 31.05.2016 which is the default trigger date as per WRLDC. It has also been stated that the implementation plan will be issued thereafter. It may be noted that the same is further delaying the regulation of power and preventing SPL from exercising its rights under the PPA. Nevertheless, without prejudice to SPL's rights in relation to the regulation notices already issued, SPL has issued a fresh notice to SPL on 31.05.2016. Therefore, the following may be taken note of for the purpose of preparation of the implementation plan for regulation of power supply.
7. Sasan Power Limited has been supplying electricity to the Procurers under the PPA and PSPCL ("Defaulting Procurer") is in default of payment of dues under the PPA.

8. PPA provides for sale of 25% / whole of the Contracted Capacity pertaining to defaulting Procurer(s) to the other non defaulting Procurer(s)/ third parties upon the occurrence of an event where the Procurer(s) has/have not made payment of Invoice by the Due Date through the payment mechanism provided in the PPA.
9. The bills under which defaults have occurred, were served on the Defaulting Procurer from time to time commencing from March 2013. List of Monthly Bills under default and amount of default against each Monthly Bill is provided vide **Annexure-1**.
10. Pursuant to the judgment of the Hon'ble Appellate Tribunal for Electricity dated 31.03.2016 in Appeal No. 233 of 2014, SPL wrote to the Defaulting Procurer on 01.04.2016 asking it to pay the outstanding amount. However, the Defaulting Procurer, despite not having raised any dispute in relation to the bills or the letter dated 01.04.2016 within the contractually stipulated period of 30 days, continues to remain in default for all the Monthly Bills issued since Mar'13.
11. SPL has already issued notice to the Defaulting Procurer as required under the PPA. Copy of the Notice dated 10.05.2016 duly served on the Defaulting Procurer is enclosed as **Annexure 2**.
12. SPL has also issued notice dated 16.05.2016 under Regulation 4 of Central Electricity Regulatory Commission (Regulation of Power Supply) Regulations, 2010 to the Defaulting Procurer for regulation of power supply. Copy of the said Notice dated 16.05.2016 issued to Defaulting Procurer is enclosed as **Annexure 3**.
13. Based on your letters dated 30.05.2016, SPL has again issued notice dated 31.05.2016 under Regulation 4 of Central Electricity Regulatory Commission (Regulation of Power Supply) Regulations, 2010 and PPA to the Defaulting Procurer for regulation of power supply. Copy of the said Notice dated 31.05.2016 issued to Defaulting Procurer is enclosed as **Annexure 4**.
14. Details of the proposed regulation of power supply to the Defaulting Procurer are as follows:
 - 14.1. Amount of outstanding dues: Rs 178.04 Crore (Rs 141.69 Crore towards Principal amount and Rs 36.35 Crore as Late Payment Surcharge) – Monthly outstanding dues are provided vide **Annexure-1**.
 - 14.1.1. Some of the Procurers have desired issuance of REA for the period upto 15.08.2013, which we have requested to WRPC & WRLDC. Dues for the period upto 31.08.2013 are Rs 2.47 Cr (Principal Rs 1.62 Cr & Interest Rs 0.85 Cr)
 - 14.1.2. Dues for the period from 01.09.2013 to 31.05.2016 amount to Rs 175.57 Cr (Principal Rs 140.07 Cr & interest Rs 35.50 Cr)

- 14.2. Quantum of reduction in drawl schedule: 139.59 MW
- 14.3. Initial duration of Reduction: In terms of Article 11.5 of the PPA i.e. 30 days from 03.06.2016 to 02.07.2016
- 14.4. Price of the Power: In terms of Article 11.5 of the PPA (Extracts enclosed as **Annexure 5**)
- 14.5. Source of Power: Sasan Ultra Mega Power Project, Village Sasan in Singrauli Tehsil in District Sidhi of Madhya Pradesh
- 14.6. Default trigger date: 31.05.2016¹
- 14.7. The above regulation is likely to result in excess power available to the extent of scheduled reduction of Defaulting Procurer share from above Sasan Power Station for further sale to non-defaulting Procurers and/or through Indian Energy Exchange (IEX) Platform.
- 14.8. Diversion / absorption of regulated power: Absorption by non-defaulting Procurers and / or sale through Indian Energy Exchange (IEX) [Sasan Power Limited is a Proprietor Member of IEX]
15. As per requirement of CERC (Regulations of Power Supply) Regulations, 2010, Sasan Power Limited is also posting Regulation Notice on Reliance Power Limited website http://www.reliancepower.co.in/rpowersms/jsp/coal_based_projects.jsp, under the link "Notice for Regulation of Power Supply from Sasan UMPP – May 16".
16. Without prejudice to SPL's rights and contentions, we request you to prepare the implementation plan for commencing regulation of Default Electricity from 00:00 Hrs of 03.06.2016 to 24:00 Hrs 02.07.2016 in accordance with the terms of PPA and as per procedure under CERC (Regulation of Power Supply) Regulations, 2010. Through this letter WRLDC is being requested to prepare implementation plan of regulated power and further implement the same as per procedure laid down by CERC.
17. Considering your letters dated 23.05.2016 and 25.05.2016, original indemnity being issued by SPL indemnifying WRLDC as required under CERC (Regulation of Power Supply) Regulations, 2010 is provided vide **Annexure 6**.
18. This notice for regulation of power supply is without prejudice to our right to exercise other remedies/recourse available to us as per law and PPA to recover the dues.

¹ Default Trigger Date under the PPA has already commenced. However, 31.05.2016 has been mentioned as Default Trigger Date as per the suggestions of WRLDC without prejudice to SPL's rights.

Thanking you.

Yours faithfully,

For Sasan Power Limited

Subject: Failure to Pay Invoices by Due Dates
- Notice under Article 11.5 of the Power Purchase Agreement dated
07.08.2007 (PPA)

Ref: SPL letter no. SPL/2016/1840 dated April 01, 2016

Dear Sir,

1. Sasan Power Limited ("SPL"), has been supplying power from Sasan Ultra Mega Power Project ("Project") to the Procurers on the terms and conditions contained in the PPA.
2. As per the provisions of Article 11.1 read with Article 11.3 of the PPA, from the Commercial Operation Date of the first Unit, the Procurers are obliged to pay to SPL the Monthly Tariff Payment on or before the Due Date, comprising of Tariff for every Contract Year, determined in accordance with Article 11 and Schedule 7 of the PPA.
3. Commercial Operation Date ("COD") of the first Unit of the Project occurred on 31.03.2013 and SPL from time to time issued Monthly Bills in accordance with the terms of the PPA to you. As per the terms of PPA, the entire amount under the said Bills was required to be paid in full by you within 30 days of the receipt of the respective Bills. However, you, in disregard of the terms of PPA, disputed the COD of the first Unit of the Project and failed to pay sums due and payable under the Monthly Bills for the period from March 2013.
4. SPL from time to time conveyed its unacceptability of the non-payment of dues and made repeated requests to you for payment of entire outstanding dues. Consequent to your persistent failure to pay the dues raised in Monthly Bills by disputing the COD of the first

Unit, SPL was constrained to file Petition No. 84/MP/2014 before the Hon'ble Central Electricity Regulatory Commission ("CERC"). In another petition being Petition No. 85/MP/2013 filed by Western Regional Load Despatch Centre, Ltd. CERC, in its Order dated 08.08.2014, inter alia, erroneously accepted the COD of first Unit as 16.08.2013. In the Appeal No. 233/2014 filed by SPL before the Hon'ble Appellate Tribunal for Electricity ("ATE"), the Hon'ble ATE did not find any violation of the provisions of law on declaration of COD by SPL and, by its judgment dated 31.03.2016, inter alia, set aside/quashed the Order dated 08.08.2014 passed by Ld. CERC. Accordingly, 31.03.2013 stood conclusively established as the COD of the first Unit of the Project. SPL, vide its Letter No. 1840 dated Apr 01, 2016 requested you to release the dues at the earliest. However you failed and neglected to pay the sums due and payable by you.

5. An amount of Rs. **175.66** Crore including the Late Payment Surcharge calculated upto 30.04.2016 is due and payable by you in respect of the Monthly Bills. The details of amount in default and Late Payment Surcharge accrued till 30.04.2016 are given in **Annexure 1** hereto.
6. We invite your attention to the provisions of Article 11.5 of the PPA, pursuant to which upon the occurrence of an event where the Procurer has not made payment by the Due Date of an Invoice, 25% of the Contracted Capacity pertaining to the defaulting Procurer is required to be offered to the non-defaulting Procurers and/or third parties. In case, such default continues for more than 30 days, 100% of the Contracted Capacity is required to be offered to non-defaulting Procurers and/or third parties.
7. In view of your persistent failure to pay the amount due and payable under the Monthly Bills referred above, we hereby notify you under Article 11.5 of the PPA as under:

Unless the entire amount of Rs. 175.66 Crore as described in Annexure 1 hereto together with Late Payment Surcharge upto the date of payment is paid by you to us, we shall, from the expiry of a period of 7 days from the date of this notice and without any further communication to you, be entitled to proceed with offering part or whole of your share in the Contracted Capacity to the non defaulting Procurers and/or third parties in accordance with the provisions of PPA.

8. Please note that this communication is without prejudice to any of the other rights, remedies, entitlements of SPL under the PPA and the law to recover the dues and nothing herein amounts to waiver of any of the rights and entitlements, under PPA and the law, all of which are specifically reserved by SPL.
