Reliance Power's Sasan Mine awarded by the Honourable President of India with the National Safety Award (Mines)

National, Bhopal, Singrauli, Hyderabad, Vijaywada, 17th August 2017: Reliance Power's Sasan Mine was awarded by the Honourable President of India with the National Safety Award (Mines) for the year 2013 & 2014 through DGMS on 17th August, 2017 at Vigyan Bhawan, New Delhi for its commendable safe work environment and safety practices.

Sasan Mine (i.e. Moher and Moher Amlohri Extension coal mines) is a captive fuel source for Sasan Ultra Mega Power Project developed by Sasan Power Limited, a wholly owned subsidiary of Reliance Power. Sasan UMPP is the largest integrated power plant and coal mine globally. Sasan Coal Mine is India's largest coal mine by volume handled.

Mr. N Venugopala Rao, Whole-time Director of Reliance Power, received this prestigious award from the Honourable President of India on behalf of Reliance Power. Reliance Power is India's leading private sector power generation and coal resources company.

Speaking on the achievement, **Mr. N Venugopala Rao, Whole-time Director, Reliance Power, said,** "We are honoured to receive this award in recognition of our continued commitment towards workplace health and safety. This achievement has further motivated us to continue our efforts in the area of safety as we will continue to build a world class safety culture."

About Reliance Power:

Reliance Power Limited, a part of the Reliance Group, is India's leading private sector power generation and coal resources company. The company has the largest portfolio of power projects in the private sector, based on coal, gas, hydro and renewable energy, with an operating portfolio of 5,945 megawatts.
