Reliance Power Limited

Sasan (Madhya Pradesh), 16th March 2016:

Sasan Power Limited (SPL) has been permitted to produce coal upto 17.20 mtpa during 2015-16 by Ministry of Coal (MOC) from its Moher & Moher Amlohri extension coal mines.

In June 2015, MOC had directed SPL to limit annual coal production to 16 MTPA. Based on representations by SPL and its Procurers to permit SPL to produce the requisite coal sufficient to meet the requirement of Sasan UMPP, MOC vide its letter dt. 15th March 2016 has permitted to increase the coal production upto 17.20 mtpa during 2015-16.

This will enable SPL to sustain its power plant operations, which are currently at about 100% Plant Load Factor, creating a new benchmark in its very first year of full scale operations, in the Indian Power Sector. This will facilitate Sasan UMPP to generate additionally 2200 million units of electricity, which will benefit 42 crore population amongst 7 procurer States. Moher & Moher Amlohri Extension coal mines, the largest captive coal mine in the country in terms of volume handled, has achieved highest coal production of 16 mtpa and is set to create a new benchmark of coal production amongst the private sector players.
